Golden-key Society

**LANGUAGES**

- Afrikaans
- English

**PROFILE**

I am a committed pharmacy student with a strong desire to help those in need of medical care. My reputation is grounded in a friendly and kind-hearted demeanor. I excel in both collaborative and independent work settings, demonstrating adaptability to evolving work environments. My unwavering enthusiasm for continuous learning is driven by the myriad of fascinating subjects the world has to offer. As my studies progress, I plan on pursuing an MBA due to my keen interest in the business side of pharmacy.

Outside the medical realm, I find joy in art, resin printing, and gaming, particularly indulging in survival games like Rust and Volcanoids.

My commitment revolves around refining my skills and consistently striving to become the best version of myself.
